March 6<sup>th</sup>, 2007

The goals of this meeting are to develop more specific tasks and goals for the KYW Event.

A poker run with 5 stops in conjunction with the Colstrip days will be the event.

The 5 topics are:

- 1) What is a watershed – a booth at Colstrip Days
- 2) Weeds – at either Karl or Kirk's
- 3) Historical / archaeological site – at John's
- 4) Water / Soil monitoring – at the USGS gauging station
- 5) PPL – pond

At each stop – there will be a 5 minute speech about the topic. Participants will also receive (or draw) a card for the poker hand.

Other ideas that were mentioned for sites were: Gophers and fire. Due to time and location constraints, these were not chosen but are good options for future education topics.
